WHY IS THAT LOT VACANT?

This question is often asked about any unimproved plot of land in a section on other built up.

Perhaps there is trouble with the title—some forgotten heir has turned up or some claim not discovered when the title was searched.

If we had guaranteed the title for the owner when he bought—it would be our trouble now—not his.

DEFEAT FOR NEW YORK CREW

AFTER WINNING JUNIOR N. Y. A. C. IS BEATEN BY WAHNETAS.

Bad Weather Makes Harlem Regatta Unpleasant for Crews and Spectators. Hoffman Wins Intermediate Singles Six Firsts for Harlem Rowing Club.

Oarsmen of this locality and a few from out of town had a wretched time of it yesterday in the forty-four annual rowing regatta of the Harlem Regatta Association on the Speedway course of the Harlem River. The weather did everything during the running of the races. It rained, hailed and blew cold blasts, which made the competitors shiver, and when it wasn't doing these things there were deafening blasts of thunder and blinding flashes of chain lightning. It was a wonder there were no worse accidents than a few boats capsized.

Bad as the weather behaved it did not drive away the crowd and both men and women stayed till they saw the race of the day, the senior eight, which was between the New York A. C. and the Wahnetas. R. C. One other crew—the Newnawaka—was entered, but it did not put in an appearance. It was a pity that a race had been taken out of the New York A. C. in view of the fact that the Wahnetas had won a plucky race against the Wahnetas.

The Mercury Foot men led for about half the race, but the Wahnetas came with a spurt and took the lead and kept it to the finish, where they won by about a length. The Wahnetas were the winners of the race.

In the matter of the winning honors of the day the Harlem Rowing Club, A. C. being second with three firsts. The junior eight event was rowed during the afternoon and the Wahnetas won by a length. The Wahnetas were the winners of the race.
